

STEPHEN MCWHIRTER

SEE YOU FACE

Jason Clayborn, Stephen McWhirter
CCLI# N/A

(Key of G)

Verse 1

G (1) Bmaj (3maj) Em (6) C (4)
All of the places I have seen
All of the milestones I have fought to reach
Have taken me nowhere if I never see
Your face when I open my eyes
When I sought fame and my own prestige
Trying to get ahead when You're right before me
Moments of madness if I never see
Your face when I open my eyes

Chorus

G (1) Bmaj (3maj) Em (6) C (4)
I wanna see Your face
Bmaj (3maj) // // // // // C (4) // // // // //
I wanna see Your face
G (1) Bmaj (3maj) Em (6) C (4)
On the day when I rise and I open my eyes
G (1) Bmaj (3maj) Em (6) C (4)
I wanna see Your face

Verse 2

If I speak with tongues of angels
And cast satan back to the gates of hell
Would have all been for nothing
If I never see
Your face when I open my eyes
If I heal the sick and I raise the dead
And watch the waters part with every step
Just signs without wonder if I never see
Your face when I open my eyes

Bridge (repeat)

C(4) Bmaj (3maj) Em (6)
Can't wait to see your face
